Election/Restrictions

1. Claims 114, 116-124, 126-129, 131, 134-135, 141-142, 150, 156, 161, 166-171, and 176 are allowable. The restriction requirement, as set forth in the Office action mailed on 23 November 2005, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 130, 132-133, 136-140, 143-149, 151-155, 157-160, 162-165, and 172-175, directed to non-elected species are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

2. Claims 114, 116-124, and 126-176 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art does not teach or suggest a wheel having a spoke connected to a hub flange or rim through a deformed engagement and interference fit. For example, Wilson is silent on how the spokes are connected to the hub flange (i.e. no structure is actually provided beyond saying the spokes are screwed to the hub).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jason R. Bellinger whose telephone number is 571-272-6680. The examiner can normally be reached on Mon - Thurs (9:00-4:00).
